

CHEM DRY – CONCENTRATED RINSING AND DRYING AGENT

TECHNICAL SHEET

DESCRIPTION

Chem Dry is a rinse aid for use in automatic rinse injectors that lowers the surface tension of water. It prevents the formation of water droplets and allows water to spread into thinner sheets and roll right off rinsed glasses and flatware. Chem Dry provides spot-free and streak-free results with minimal drying time. Unsanitary towel drying is eliminated which minimizes accidents and reduces breakage of dishes. Chem Dry is useful in high volume ware dishwashing operations where rapid drying is essential. It will not harm the injection equipment, the machine, china, glass, plastic or stainless steel dishes.

PRODUCT FEATURES/BENEFITS

- Significantly reduces drying time of dishes
- Spot-free and streak-free results
- For use in automatic rinse injectors
- Safe to use on china, glass, plastic and stainless steel

DIRECTIONS FOR USE

For use in automatic rinse injectors.

Do not let injector run out of rinse additive.

PRODUCT SPECIFICATIONS

- Appearance.....Clear, free flowing liquid
- Colour.....Pink
- OdorMild Solvent
- Specific Gravity at 25°C.....1.00 ± 0.02
- pH (1% solution).....6.7 ± 0.7
- Active Ingredients..... Ethoxylated propoxylated alcohol
- Shelf Life.....1 year

SAFETY INFORMATION

CAUTION: Keep Out of Reach of Children. Harmful if swallowed. May cause irritation. Protect eyes and mucous membranes from contact with this product and solutions of it. Flush eyes with generous quantities of water if product has contact.

PRECAUTIONARY STATEMENTS: See SDS for complete Precautionary Statements, First Aid, Physical or Chemical Hazards and Storage and Disposal.

DISCLAIMER: To the best of our knowledge, the information provided in this Technical Data Sheet is correct. The Manufacturer assumes no liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user.
